

Dementia Care

Walking with You, Every Step of the Way

Is Dementia Care for You?

Experiencing
memory loss that
affects daily life

Having difficulty with
familiar tasks or
managing daily routines

Showing changes in
personality, mood or
behaviour

Feeling confused,
disoriented or lost even
in familiar places

Facing challenges in
communication or
decision-making

Requiring support for
caregivers to better
manage care at home

The SLH Difference

Comprehensive Care, Every Step of the Way

From hospital to home, we provide a full spectrum of dementia care services — ensuring seamless and continuous support throughout your care journey.

Holistic Care Philosophy

Our Clinical, Social, Pastoral care model addresses your physical, social and emotional needs, restoring you beyond wellness to wholeness.

Award-Winning Excellence

Nationally recognised for service quality and innovation, we deliver dementia care that restores comfort, dignity and connection for patients and their loved ones.

Your Care, Our Collective Expertise

Our team of healthcare professionals works together to design a personalised care plan tailored to your unique needs.

Our Services

Clinical Care

Managing symptoms so you can maintain comfort, dignity, and connection:

- **Prescription and review of medications** to manage behaviour, memory and mood
- **Symptom relief** for anxiety, restlessness or sleep disturbances
- **Nutritional support and guidance** to maintain health and prevent weight loss
- **Regular assessments** to monitor cognitive and physical well-being

Rehabilitation Care

Our rehabilitation team supports patients in maintaining comfort, independence, and dignity through personalised therapy, including:

- **Physiotherapy** to improve mobility, function, and symptom management
- **Occupational Therapy** to maximise current ability in order to continue with daily tasks and meaningful activities
- **Speech Therapy** to enhance communication and support safe swallowing
- **Art Therapy** to foster self-expression and improve emotional wellbeing
- **Music Therapy** to improve interpersonal connections and support physical and cognitive health

Social & Emotional Support

We journey with you and your family, offering practical, emotional and spiritual guidance along the way:

- **Recreational and group activities** to encourage connection and participation
- **Counselling and social work support** to address emotional, practical and financial concerns
- **Pastoral and spiritual care** to bring comfort, hope and purpose

Caregiver Support

We support families and caregivers with knowledge, guidance and emotional care, helping you provide the best support for your loved ones.

- **Caregiver education and training** to build confidence in dementia care
- **Support groups and counselling** to strengthen emotional resilience
- **Connecting families** with community resources for sustained support

Dementia Go-To-Point

As a designated Dementia Go-To Point, we serve as a safe space for persons living with dementia who may be lost or disoriented.

Our trained staff are ready to offer assistance to help them return home safely.

“ From a holistic care perspective, SLH doesn’t just care for the patient — they care for the caregiver too. The team at SLH helped me to step back, express my thoughts, and find solutions. ”
